UNIVERSITY OF WORCESTER

The Partnership Agreement is based on guidance from the Department for Education.

Introduction

The purpose of this Partnership Agreement is to set out the management structures, roles and responsibilities and expectations of the University of Worcester, School of Education, Initial Teacher Training and Education Partnership ('The Partnership'). The Partnership is a shared commitment to pursue high quality initial teacher education and training (ITET) to provide trainees with the best possible preparation for their chosen profession. The commitment recognises that expert colleagues in the partnership, and staff in the university, have distinctive contributions, roles and responsibilities. The Post Compulsory Education (PCE) Initial Teacher Education (ITE) programme is a partnership between individual settings and the University of Worcester.

This partnership agreement seeks to be a clear, working document used to guide and inform the contributions of each partner and to support coherent arrangements across the various contexts in which the training takes place. The partnership agreement must be understood and used for communication between all partners for the co-ordination of teacher training and education.

The Partnership Agreement has a duration of 3 years but either party can terminate on 3 months written notice or earlier for material breach or insolvency.

An updated version of our Agreement can be found on the website, please note, this agreement is updated frequently in-line with any changes in the DfE ITT Criteria and supporting advice.

The Agreement will be terminated if a school, college or setting is deselected from the Partnership (section 4).

The partnership recognises that the well-being of the learners in settings takes priority over all other considerations.

Commencement, Duration and Review of Agreement

This agreement is signed by the setting at the point of making the university placement offers/agreeing that the Trainee has trainee teach

The Agreement

The Accredited Provider

The provider, University of Worcester, is an accredited mainstream ITE provider and has the ability to charge tuition fees to trainees. The provision must therefore be compliant with the [Initial teacher training \(ITT\): criteria and supporting advice](#) and align with the [Ofsted ITE Inspection Framework and Handbook](#).

This will be achieved through close cooperation between the partner setting and University of Worcester.

It may be necessary to adapt the agreement based on government advice in relation to coronavirus (Covid-19). The agreement follows government advice to ensure that trainees are given a fair opportunity to qualify and to safeguard teacher supply. Any amendments to the agreement will be communicated with partnership settings.

The Partnership Agreement between the Partnership Setting and University of Worcester is crucial to the success of the programme and training received by trainees. This sets out:
